Hearing Facilities at the DIS Office in Bonn

Hearing Facilities at the DIS Office in Bonn

The DIS provides a meeting room on its premises for out-of-court dispute resolution proceedings. The room is located in a historical villa overlooking an 18,000 square metre park.

The park can also be used. The meeting room is equipped with modern, large tables that can be arranged flexibly to suit the needs of the respective proceedings. There are no translation booths available, but these can be rented from external service providers if required.

In addition to the meeting room, up to three smaller rooms as well as a breakout room for witnesses can be made available. These rooms are ideal for hearing purposes due to their calm atmosphere.

- Meeting room: 50 sqm
- Additional rooms: 52 sqm, 29 sqm, 22 sqm

Rooms are available from Monday to Saturday (8 a.m. – 6 p.m., and until 10 p.m. upon request). We guarantee full confidentiality during all meetings, but the rooms do not have any special sound insulation.

The organisation of the proceedings and all logistics are within the responsibility of the tenant. The DIS will gladly provide contact details of external service providers, for example for companies specialised in IT and presentation technology, translators, court reporters, catering, and transfer service from airport/railway station and hotels.

We will gladly provide further details upon request.
